Dear Mr. McClernon:

Thank you for forwarding a copy of Lee Brown's December 16 letter to Governor Schwarzenegger regarding the California Air Resources Board's new "Truck and Bus" regulations. We share your and Mr. Brown's concerns about the integrity of the process. Accordingly, we were glad to learn that at its December 9th meeting the Board voted to consider changes to the regulations based on a new report to be prepared by April 2010. We were also glad to learn that the Board will be conducting workshops and accepting new comments about the regulations. Even though the regulations have not been suspended during this re-evaluation period, we are informed that their first deadline does not take effect until March 31, 2010.

In any event, thank you again for passing Mr. Brown's letter on to us. We continue to monitor the situation, and we encourage you to take advantage of the re-opened process to comment fully on your concerns. Thank you.

Sincerely,

A handwritten signature in blue ink, appearing to read "James M. Humes".
